Street Closure Notice

The current Slurry Seal Project is part of the annual asphalt concrete pavement maintenance program. The intent of this project is to maintain the City's asphalt concrete infrastructure using a structured, systematic approach. The City is divided into six pavement maintenance areas, and in general, one maintenance area is maintained each year. The current project, Area A, includes the downtown core area, between US 101 and Mission Street, and between US 101 on the west and Milpas Street on the east.

The slurry seals the street and provides a new wearing surface to extend the life of the existing asphalt. The street will be closed to all vehicle and pedestrian traffic while the slurry is applied. The current warm weather helps to dry the surface and allow traffic to return in just a few hours after application. The initial rough surface is quickly reduced to a smooth driving surface as vehicle traffic compresses the still pliable new slurry. The striping is replaced in three applications and the street is ready for another six years of service.

Harbor & Seafood Festival - October 14

Save the date! Don't miss the 5th Annual Santa Barbara Harbor & Seafood Festival on Saturday, October 14 at the Waterfront.

This free family-friendly event showcases Santa Barbara's working harbor, harbor businesses, and the Santa Barbara Maritime Museum, while offering a bounty of seafood, fun, live entertainment, boat rides, exhibits, demonstrations, and more.

The Harbor & Seafood Festival benefits the Page Youth Center.
Event hours: 10 a.m. to 5 p.m.

U.S AIRWAYS® USAirways.com

To our valued readers: Due to the large number of city water customers and 20 different billing cycles, bills are mailed on a staggered basis throughout the month. For that reason, some of the dates and information contained in "City News in Brief" may be out of date by the time your water bill reaches you.
